- Adobe premier Pro
- Adobe After Effect
- Web Design

SUMMARY

Inventive and user-obsessed Senior UI/UX Designer with 5+ years of creating WOW-worthy digital journeys. I specialize in turning complex ideas into pixel-perfect, human-centered designs using tools like Figma, Photoshop, and Illustrator. Fueled by curiosity and creativity, I craft visuals that speak and experiences that stick.

EXPERIENCE

Sr. UI / UX Designer | Frontend Developer

Minddeft Technologies Pvt Ltd. | 2023 - Present

- Spearheaded the end-to-end transformation of digital identities for Minddeft, Liquidloans, and Gopulsechain.
- Delivered responsive magic in web design, brand storytelling, and seamless front-end development.
- Collaborated across teams to shape future-forward digital experiences.

Creative UI/UX Visionary

Coreway Technologies | 2021 – 2022

- Led the design of eye-catching interfaces and impactful brand visuals.
- Orchestrated social media strategies, user journeys, and visual identities across platforms.
- Created intuitive app experiences that kept users engaged and delighted.

Web Graphic Designer & Visual Wizard

Digital Science Web Technologies Pvt. Ltd. | 2019 – 2021

- Kickstarted design journey with global stunners like RNMKR Accelerator.
- Designed dynamic websites for JP Seasonal, Mobeck Lawn & Landscape, and Etnyre.
- Delivered brand-defining visuals and high-converting UI components.
